Rent schedule calculator

Print / Save PDF

Rent Schedule Calculator

Generate each rent payment date inside a lease term using the start date, calendar-month term, rent amount, and selected frequency.

Lease start and first payment date

01/31/2028

Term in calendar months

3

Enter a whole number from 1 through 120. Enter 12 for a 12-month lease.

Rent per payment

1800.25

Currency

USD

Payment frequency

Monthly

- **Generated payment schedule**

3 payments

Payment dates are period starts. The schedule excludes every date on or after the calculated lease end.

Lease start	Calculated lease end
2028-01-31	**2028-04-30**

Term	Frequency
3 months	**Monthly**

Payment	Payment date	Amount
1	2028-01-31	**$1,800.25**
2	2028-02-29	**$1,800.25**
3	2028-03-31	**$1,800.25**
