Rent schedule calculator

Print / Save PDF

Rent Schedule Calculator

Generate each rent payment date inside a lease term using the start date, calendar-month term, rent amount, and selected frequency.

Lease start / first period start

01/31/2028

Term in calendar months

3

Enter a whole number from 1 through 120. Enter 12 for a 12-month lease.

Rent per payment

1800.25

Currency

USD

Payment frequency

Monthly

Generated payment schedule

3 payments

Period starts remain lease-bounded; planned due dates repeat from your entered anchor 2028-01-30. Due dates may fall outside the lease period and are not independently verified contractual deadlines. No weekend, bank-holiday, grace-period or final partial-payment adjustment is made.

Lease start **2028-01-31**	Calculated lease end **2028-04-30**
Term **3 months**	Frequency **Monthly**

Payment	Period start	Planned due date	Amount
1	2028-01-31	2028-01-30	**$1,800.25**
2	2028-02-29	2028-02-29	**$1,800.25**
3	2028-03-31	2028-03-30	**$1,800.25**
